City of Berea – Citywide Bike Improvement Program

Project Description

This project will accomplish citywide improvements to various bike facilities within the City of Berea. Improvements will include replacement of existing bike racks, installation of bike racks in new locations, installation of bike maintenance stations, signage, and other bike accessibility improvements. All new equipment will be selected to complement existing infrastructure in parks or along streetscapes. The City has identified several locations where bike improvements are needed. The locations include Coe Lake, the Recreation Center, City playgrounds, Cleveland Metropark's access locations, and within downtown Berea.

The City will be applying for a Community Development Supplemental Grant (CDSG) for this project for an amount of up to \$50,000. If the grant is awarded, the project will be implemented between April and September 2019 during the CDSG program term.
