March 28, 2020

Thanks to all of you who are sending your best wishes and prayers to our Berea Firefighters diagnosed with the COVID-19 virus. They are resting comfortably at home and are expected to fully recover.

Many of you have asked how you can help support our first responders. Specifically, you have asked whether you can drop-off homemade meals or treats at the fire and police stations. They are very grateful for your support.

However, the medical professionals advising the City have asked that our first responders refrain from accepting homemade food from the public. It is simply one additional safeguard to ensure that they stay healthy and ready to serve the public.

Stay well, Berea. Your City Administration, Police, Fire and Service Department employees are on-duty and ready to serve.

Barbara L. Jones  
City of Berea  
Director of Law and Public Safety
