Project Description

This project will accomplish infrastructure improvements to Barberry Drive, Woodlawn Circle, Maple Avenue (from Fifth to Barberry), and Fourth Avenue (from Beech to Eastland) within the City of Berea. The project will include the replacement of the existing antiquated and undersized waterline, including hydrants, valves, and service connections; complete pavement reconstruction with a new concrete or asphalt pavement including curbs; rehabilitation of the existing sanitary sewer and existing storm sewer systems as needed; and replacement of the existing sidewalks, aprons, and ADA curb ramps as needed.
