Housing Council Review Meeting
December 23, 2021 9:00 a.m.
Berea City Hall

A meeting of the Berea Municipal Housing Council Review Committee was held at Berea City Hall on Thursday, December 23, 2021. This meeting was held in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code and Chapter 109 of the Codified Ordinances of the City of Berea.

The meeting was called to order by Matthew Madzy, Director of Planning and Development at 9:00 a.m. with the following also in attendance: Anthony Alexander, Member; Dan Smith, Member. The notice of the meeting was published on December 9, 2021 in the News Sun and Parma Sun Post, and on cleveland.com from December 9, 2021 to December 16, 2021. In addition, notices about the meeting were sent on December 9, 2021 to the Berea City School District, Polaris Career Center and the Olmsted Falls City School District.

Mr. Madzy explained that the purpose of the meeting is to review the 2020 Residential Status Report. (The Ohio Community Reinvestment Area (CRA) Program 2020 Residential Status Report is attached to and made a part of the minutes). The residential status report contains all residential tax abatements within the City of Berea and also commercial tax abatements that were entered into prior to 2009. Those commercial tax abatements were done when the City operated under the old pre 1994 rules. Mr. Madzy explained that amendments were made to our section and now we operate under the new rules, the post 1994 rules.

Mr. Madzy further explained that the purpose of this meeting is to review this list to determine if the properties in question are paying their tax bills. Mr. Madzy did review all of these properties and for calendar year 2020 they are all in compliance. Additionally, it is to be reviewed whether they have any exterior maintenance violations. Marvin McDonald from the City's Housing Department did review these properties and said there are no issues on any of the properties or businesses. Mr. Madzy noted that taxes are up to date and there are no exterior maintenance violations and those are the two things that need to be reviewed.

Mr. Madzy asked if there were any questions about the process or about the list. Mr. Smith asked why there were a few 2009 Commercial Properties on the list. Mr. Madzy explained that anything that was done around 2008 or 2009, if there was an agreement in 2008, but the property wasn't certified during the construction period, the properties come on the list when the final occupancy is issued. It's possible that some of the commercial ones that were done in 2008 didn't get their final occupancy until 2009 or they might not have been certified under the tax year until a year later. Mr. Madzy indicated that since we are reviewing their performance in calendar year 2020, we are actually reviewing it for tax year 2019. Some of these on the list are technically off now. As of today, they are off, but we are reviewing their past performance.

Since there were no further questions or comments. Mr. Madzy asked for a motion for approval of the list. Moved by Mr. Smith, seconded by Mr. Alexander to approve the list as submitted. The vote on the motion was all ayes, no nays. Motion carried.

Mr. Madzy explained that there is no further business and that they will pick up next when they have the Tax Incentive Review Council Meeting for all post 2009 Commercial Abatements. Two years ago, it was done by telephone, last year it was done remotely. He is not sure how it will be done in 2022. It was held in May 2021, however, Mr. Madzy anticipates it will be in July of 2022.

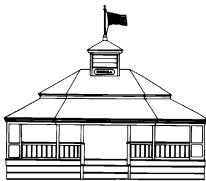

There being no further business, it was moved by Mr. Dan Smith and seconded by Mr. Anthony Alexander that the Housing Council Review Meeting be adjourned. The vote on the motion was all ayes, no nays. Motion carried.
